We are still looking for Silent Disco DJ's. You can bring your laptop or MP3 player, plug in and let the dancers tune in to your channel! We have some open slots for musicians as well. Sign up with one of the volunteers at the open stage.

### I'LL BEE TALKING TO YOU TABLE

Did you see the beautiful table in the coffee corner? It is the "I'll bee talking to you" table! Please come and have a sit. Don't come with all your friends, but alone. This way you'll be able to meet new people. There are some conversation starter cards to help you to really get to know each other!

### RUMOURS

- The volunteers tested the Silent Disco last night. Were you always wondering on which channel people are as well? No need anymore! You can tell by the colours on the headphones :)
- The volunteers had a private party with Nubia last Night. Without all the visitors they have more room to dance...
- Many volunteers slept at the police station last night... what did they do wrong?
- The volunteers made a nice sitting area, but it is completely empty... They are all building up the festival!

### BEE PROMOTING

We have a lot of busy bees at CaDansa who are organising fantastic events themselves! In the sitting area there is a place reserved for promotion. Feel free to leave your poster there (only one) and have a look at all the beautiful events coming up.
