WHERE'S EVERYONE FROM?

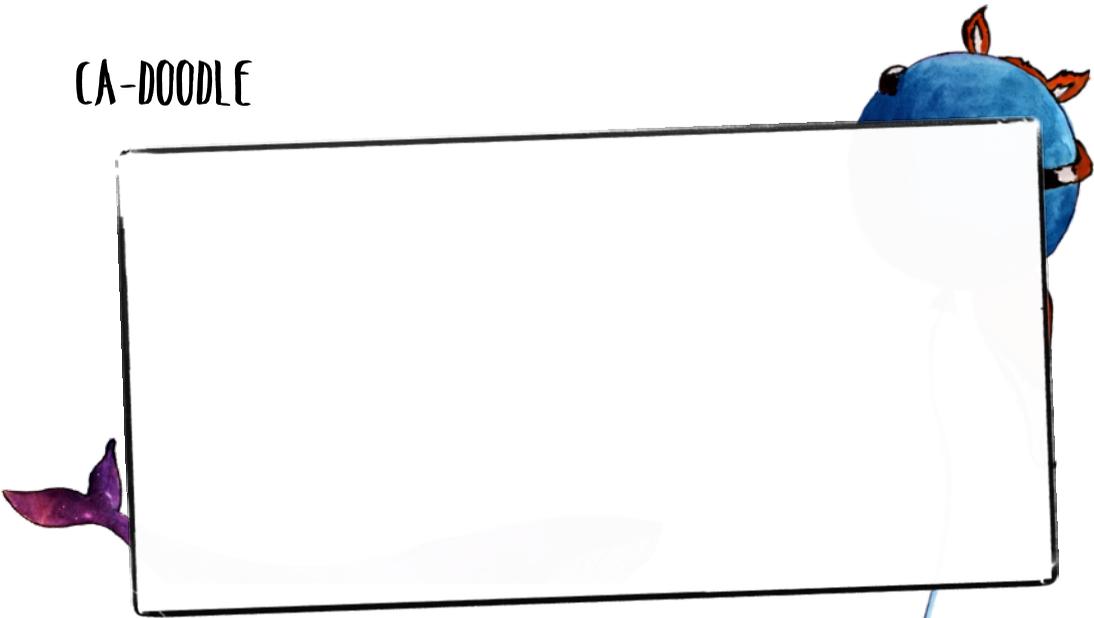

It's possible to cross borders again and we Balfolkies are taking advantage of it! But maybe with some hesitation: from the people who bought a ticket (so excl. volunteers) and shared data with the ticket shop, 80% is from the Netherlands. In previous years this was around 50%, with as many people from abroad! Luckily we are still an international festival with visitors from all over Europe and even one from the US, though we suspect this might be due to VPN use.

INPUT FOR THE CADAILY

Do you have something fun for the CaDaily? A rumour, a (photo of a) CaDoodle, a funny photo? Send it to cadaily@cadansa.nl or bring it on paper to the info desk. Maybe you will see it in the CaDaily the next day!

CA-DOODLE

CAGAME

Do you know this drinking game in which you name car brands by turn. The first person who can't come up with one, loses. You can also play it with CaDansa mascottes! Do you remember them all? (They are all listed on the backside at the bottom of the page)

DO YOU WANT TO PLAY MORE GAMES?

On the first floor you will find a game area. Here, you can play a game, read a book, or draw anything you like on the community drawing paper!

For the die-hard: the games on the picture are Spy, Codenames, Isis Osiris, Weerwolven, Sprookjes, Party Animals, and some visitors will probably bring some more to add to this pile!

RUMOURS

- Some volunteers already stayed in the venue on Wednesday. They have nice roomies, but so far they did not see any roommice... Back at the old venue in Duiven some people slept in the hay shed with the farmer and they had real-life roommice!
- Justus has a multi-functional sleeping spot. An office during the day and a bed during the night... he has put his working-at-home experience during Corona to good use!
- Some people keep saying 'last year' when they are referring to CaDansa 2019. Others feel like it was years ago. How do you feel about it? As if it was last year, or years ago?
- CaDansa is entirely organised by volunteers. As you can see on the picture to the right, there are a LOT, which makes us super happy!
- Did you see the table near the photo booth? It has a box full of cool photo challenges for you. We can't wait to see your photos!
- Brightly coloured mushrooms are mostly poisonous... but what about the signs in the venue? Do you see any logic in the colour use? At HQ, they are still trying to solve the mystery...
