

# CaDansa

## Balfolk Festival

17 OCTOBER 2018

# DAILY

The seeds of CaDansa have had a year to grow into beautiful flowers all over Europe. Thank you for the nice pictures! The organisers of CaDansa worked hard to let CaDansa itself bloom as well. CaDansa is almost ready to blossom, are you ready as well?

## SWAP IT! CLOTHES AND BOOKS

Did you pack your back already? We hope that you have some space left. There will be a clothes swap again and this time there will be a book swap as well. We heard that some people found their favourite dancing skirt at the CaDansa Clothes swap, so don't forget to have a look. We are sure you will find nice books as well, but don't forget to dance when you do so!

## QUEEN BEE FLEE MARKET

There will be a flea market at CaDansa. A space for crafty and/or entrepreneurial Balfolkies to sell some beautiful stuff. You can bring stuff to sell (no food). Bring your own blanket and change and find a spot!

## BEEES FOR BEEES

The bees enjoyed all the CaDansa flowers, and the deco team made sure you will find a lot of bees at CaDansa. But in fact they have a hard time surviving due to monocultural agriculture and pesticides. You can buy Bee pins at the merch stand to show your solidarity with bees. All proceeds are for the Butterfly Foundation, 'Vlinderstichting' in Dutch. The Butterfly foundation aims to gather and share knowledge about butterflies, dragonflies and other insects in order to help them flourish. What's good for butterflies is good for (bumble)bees as well!

## CADANSA IN THE MAKING

It is a lot of hard work for the CaDansa organisers and volunteers to get everything ready. But it is fun and when we have to rest for a bit we have a lot of cushions :)
